AMENDMENTS

NOW, THEREFORE, the Association amends the Declaration as follows:

1. Prior Amendments. All provisions of the Prior Amendments are replaced by this Amendment.

2. Units. Article I, Section 1 of the Declaration is replaced with the following:

1. 299 estates intended for the private and independent use as a single-family residence (each a "Unit" and collectively the "Units"), all as more fully described in the Plat. The Units are identified by numbers as shown on the Plat. The upper parking level of the Building contains 12 Total Units; the first floor of the Building contains 67 Total Units; the second floor of the Building contains 73 Total Units; the third floor of the Building contains 74 Total Units; and the fourth floor of the Building contains 73 Total Units.

(a) Types. Each Unit shall be a single apartment-type unit comprised of one or more cubicles of air at one or more levels of space, having boundaries determined as follows:

(b) Upper Boundaries. The upper boundaries of any portion of the Unit shall be the plane of the bottom of the studs or joists supporting the ceiling above the uppermost existing story of living area of such portion, extended to an intersection with the parametrical boundaries.

(c) Lower Boundaries. The lower boundaries of any portion of the Unit shall be the horizontal plane of the uncovered or unfinished upper surface of the floor of such portion, extended to an intersection with the parametrical boundaries.

(d) Parametrical Boundary. The parametrical boundaries of the Unit shall be the vertical planes, the elevations of which coincide with the inside face of the studs or other surface supporting the drywall or other wall surface, extended to an intersection with the upper and lower boundaries.

(e) Special Rules for Intrusions and Extrusions into or out of Such Boundaries. If and to the extent there are any extrusions such as bay windows or recessed cabinetry or intrusions such as boxed duct work, the extrusion shall be included in the Unit and the intrusion shall be excluded from the Unit, in each instance interpreted in a manner consistent with the surrounding boundary (e.g., including the drywall in the Unit but excluding the studs behind such drywall).

(f) Other Items. To the extent applicable and to the extent they only serve the Unit, each Unit shall include the following. If any of the following items serve more than one Unit or the Common Areas but some identifiable and distinct part of the item serves only the Unit, that identifiable and distinct part shall be part of the Unit and, to the extent any portion of the item is not part of any particular Unit, such part shall be Limited Common Elements appurtenant to those Units served by the item.

(i) All exterior doors, door locks, hinges and other door hardware, including doors any deck serving the Unit.

(ii) All windows and screens attached to the Unit, including all window hardware.

The approximate dimensions and floor area of each Unit, and further details identifying and describing each Unit, are shown on the Plat.

(g) Dimensions. The square footage, size and dimensions of the Building and each Unit as described, set out and shown in the Declaration and Plat are approximate and are shown for descriptive purposes. Due to variations in methods of measuring, and deviations that may occur during construction, there is no warranty that any Unit contains the precise area, square footage or dimensions shown in the Declaration and Plat; however, assessments are levied based on the square footage set forth on Exhibit C, as defined below.

(h) Title. Each Unit owner's interest in his or her Unit must be held in fee simple or in a leasehold estate.

(i) Unit Owners' Rights and Duties. Except as specifically set forth in this Amendment, each Unit owner shall be subject to all the rights and duties assigned to Unit owners under the terms of the Declaration, the Plat and the Bylaws.

3. Exhibit B. The attached Exhibit B is added to Exhibit B of the Declaration.

4. Exhibit C. Exhibit C of the Declaration is replaced with the following (collectively, "Exhibit C"):

(b) Exhibit C-2, which sets forth, for each Unit in the A-Wing, the Unit number, Unit style, Unit area square feet, storage unit appurtenant to such Unit, and the percentage interest in the undivided Common Elements after the date of this Amendment. See Section 8(a) and (b) of this Amendment regarding parking.

5. Exhibit D. The attached Exhibit D is added to Exhibit D to the Declaration.

6. Assessments. Until the earlier of 18 months from the date of this Amendment or completion of construction of the A-Wing (the "Assessment Start Date"), the owners of the A-Wing Units shall not be liable for assessments for such Units. Assessments for the balance of

such year shall be prorated based on the remaining portion of the year. The Association shall not be responsible for maintenance of the A-Wing until the Assessment Start Date. The A-Wing Developer shall pay to the Association the initial working capital assessment described in Article VIII, Section 5 of the Declaration for any Unit for which an occupancy permit is issued upon the earlier to occur of (a) the sale of such Unit by the A-Wing Developer or (b) 60 days after the date of such occupancy permit; provided however that such working capital assessment shall exclude those costs, if any, that are to be specially assessed pursuant to Section 7(b).

7. Repair and Replacement of Capital Items and Structural Capital Items. The following is added as Article VII, Section 9 of the Declaration:

(a) The New Condominium Owners shall be responsible for all costs of repair and replacement of the Capital Items and Structural Capital Items in the A-Wing as well as the repair or replacement of any newly constructed improvements to the A-Wing during the period from the Occupancy Permit Date through the tenth anniversary of the Occupancy Permit Date (the "10-Year Period"). The Existing Condominium Unit Owners will not be responsible for any of such costs which become necessary during such period. The Association shall make such repair or replacement of such Capital Items and Structural Capital Items and specially assess such costs to the New Condominium Unit Owners *pro rata* based on the Percentage Interests of the New Condominium Unit Owners, with all such costs divided among the New Condominium Unit Owners.

(b) The Existing Condominium Owners shall be responsible for all costs of the repair and replacement of (i) each Capital Item in the B-, C- and D-Wings until such Capital Item has been replaced (Capital Items replaced in the five years prior to the date of this Amendment shall be deemed to have been replaced) and (ii) all Structural Capital Items during the 10-Year Period. The New Condominium Unit Owners will not be responsible for any of such costs which become necessary during such periods. The Association shall make such repair or replacement of such Capital Items and Structural Capital Items and either use reserves for such costs or specially assess such costs to the Existing Condominium Unit Owners *pro rata* based on the Percentage Interests of the Existing Condominium Unit Owners, with all such costs divided among the Existing Condominium Unit Owners. After a Capital Item is replaced or is deemed to have been replaced, any future repair or replacement of such Capital Item shall be included within ordinary assessments to all Unit owners.

8. Parking. The following is added to Article IV of the Declaration:

(a) There are 134 parking stalls under the A-Wing (excluding handicap spots). Of those, 131 parking stalls are available for use as described below. Each of such stalls is referred to in this Section as an "A-Wing Indoor Stall." The other three stalls, parking spaces 179 through 181, are reserved for the Condominiums dumpsters and storage. The A-Wing Indoor Stalls are Limited Common Elements and shall be made appurtenant to an A-Wing Unit upon sale of an A-Wing Unit as described below. Additionally, there are 26 outdoor parking stalls to the north of the A-Wing that are designated as Limited Common Elements on the Plat Amendment (each an "A-Wing Outdoor Stall").

(b) At or prior to the sale of a Unit in the A-Wing by the A-Wing Developer, the A-Wing Developer may designate and sell with the Unit (i) one or more A-Wing Indoor Stalls; and (ii) one or more A-Wing Outdoor Stalls. Prior to the date of this Amendment, the A-Wing Developer may have entered into contracts to sell up to 10 of the A-Wing Outdoor Stalls to owners of Units in the B-, C- and D-Wings. The deed for a Unit in the A-Wing shall designate the A-Wing Indoor Stall(s) and, if applicable, A-Wing Outdoor Stall(s) appurtenant to it. Sales of A-Wing Outdoor Stalls to owners of Units in the B-, C- and D-Wings shall be by deed. A-Wing Indoor Stalls and A-Wing Outdoor Stalls sold by the A-Wing Developer shall be permanently appurtenant to the Unit of the purchasing Unit Owner as Limited Common Elements. Any A-Wing Outdoor Stall not sold to a Unit owner at or prior to the sale by the A-Wing Developer of all of the A-Wing Units shall be a Common Element.

(c) Each of the outdoor parking stalls described on Exhibit B to the Parking Stall Easement and License recorded with the Register of Deeds of Milwaukee County, Wisconsin on March 26, 2013, as Document No. 10230512, is permanently appurtenant as Limited Common Elements to the Designated Unit described on such Exhibit B. Such parking stalls are also described on the attached Exhibit C-1.

9. Construction of A-Wing. The rights to construct improvements within the A-Wing, including the A-Wing Units, Common Elements, and Limited Common Elements therein, are vested in the A-Wing Developer. Such rights, as well as all other rights and obligations of the A-Wing Developer, are subject to the terms of this Declaration and the Purchase and Sale Agreement dated May 15, 2024 by and between the A-Wing Developer and the Association, as may be amended. The A-Wing Developer and its agents and contractors are granted easements, pursuant to Article XII of the Declaration, for (a) access over and across the Common Elements necessary for the construction of the improvements to the A-Wing, and (b) for the construction of improvements within the A-Wing to the existing sewer, water, electrical, and other services located within the Common Elements of the Condominium, provided that such use does not overburden or impair the lines providing such utilities.

All terms of the Declaration that are inconsistent with the terms of this Amendment shall, to the extent of such inconsistency, be deemed amended by this Amendment. To the extent of any inconsistency between the Declaration and this Amendment, the terms of this Amendment shall govern. All other terms of the Declaration shall remain unchanged and in full force and effect.
